Bill Payments

The Utility District is experiencing delivery delays for payments submitted through the United States Postal Service (USPS). This applies to payments submitted by individuals (please include your payment coupon) and payments through financial institutions (banks, savings and loans, etc…), please allow at least 14 days for delivery of payments through the USPS. **If you have not received your bill by the 10th day of the month, please call the office. This will prevent service interruptions and late fees.**

As an alternative to using the USPS, consider using the on-line bill payment service. This service accepts both credit and debit cards. The on-line bill pay service is available at: https://rawlsspringsutility.com/bill-payment-options.

You can pay your bill in person at the Utility District office located at 39 Archie Smith Road. Office hours are Monday-Friday from 7:30am to 3:00pm. The Utility District accepts cash, check, or money orders. Please bring a copy of your payment coupon when making payment at the Utility District office.

A drop box is available at the Utility District office for payments when the office is closed. Please include a copy of your payment coupon when making payments through the drop box.

To avoid water service disconnection and reconnection fees, payments are due before the Utility District Office opens at 7:30am on the 20th of each month. This includes payments with the payment coupon submitted through the drop box.

You can verify receipt of your payment by calling the Utility District office at 601.268.2248 prior to the 20th of each month. Please have your account number available when you call the office.
